It's August and with that comes Back to School time! We only have a few more weeks of summer left with our School Age friends before we transition to the school year routine. Whether your child is entering Kindergarten or even high school there are ways to help make this transition time easier on everyone.

1. Re-establish routines with bedtime and morning.
2. Create a quiet space at home for homework and reading.
3. Talk about their feelings. They can be feeling sad, anxious and excited about it all!
4. Have fun picking out supplies and preparing them together.
5. Make a fun countdown to School to help them visualize.
6. Most importantly - attend Back to School events and build connections with their teachers!

Why is Ice Cream invited to all the parties?

Because it's cool!

"The mission of Little Jewels Learning Center, Inc. is to provide a curriculum based learning environment where families and staff collaborate to ensure the child's successful educational development."
